Performance By DESIGN THINKING

Sheena speaks on Performance Mastery, Laser Leadership and Performance Design. Her focus is to help you achieve YOUR goal from your event, so she will customise her talk based on your event's particular needs.

Here are her most requested topics. Please bear in mind that she can deliver these either as Keynotes or as a Masterclass in your organisation. Whatever will have the biggest impact for you?

Performance By Design Thinking ©

How to have an “Individual Centred” Approach in your Organisation.

Have you noticed the world is changing? Creativity was once considered the preserve of a select few, an inspired elite, those working in the “creative industries”. Now you can take that new idea to be commercially viable.

Discover how “Designing Thinking” will make you different, we believe that not only can entrepreneurs can come up with new creative ideas, but you can learn to be and think differently. Perhaps you have limited resources and planning skills but you may have a brilliant idea for that new product or service Achieve key results fast and become commercially viable and different, Sheena will share how.

THE DNA OF A CORPORATE ATHLETE ©

Breaking Performance Boundaries in Your Organisation

Getting the results that take you to the top of your game are among the top goals of any business professional. How are these results created? What is it about elite performers that differ from the average person?

The secret lies with the critical success factors, every game has a hero but behind each great celebration lies hours of planning and extensive training, and true absolute determination to be at that optimal performance level to become a Corporate Athlete.

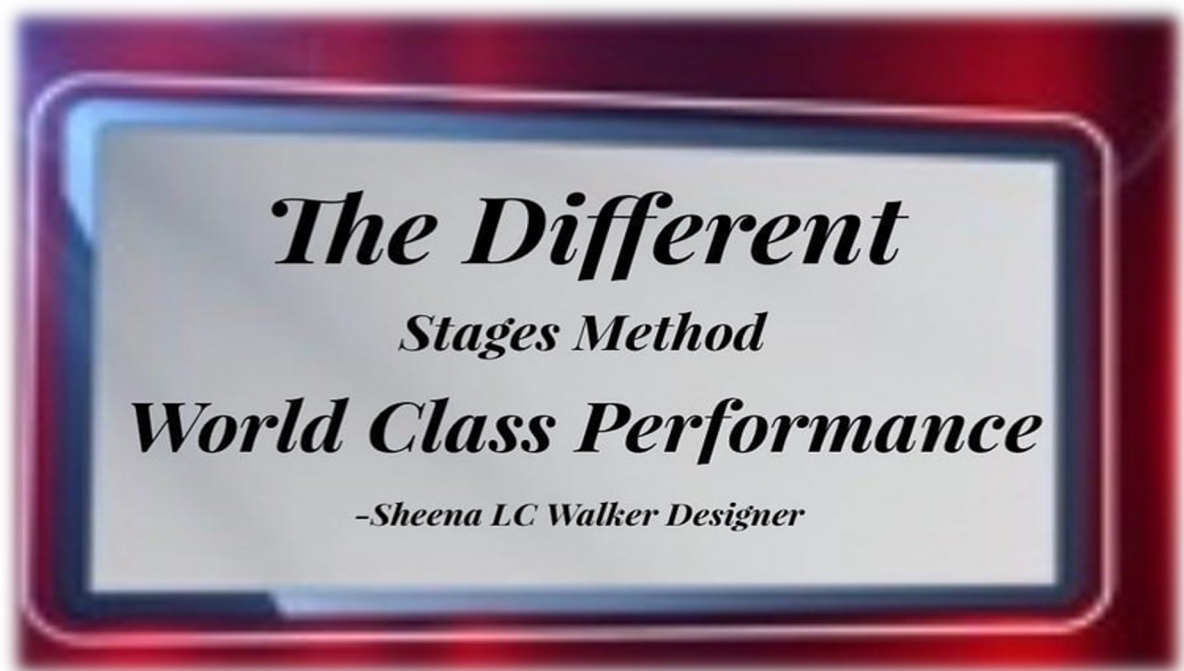

Sheena has this passion for performance and has discovered the formula for Olympic Winning Strategies. She will help you apply this formula to your career, your business and your team using the sporting methodology, Sheena can share the science that will take your organisation to the next level, keeping you ahead of the competition.

WINNING RESULTS BEYOND THE ARENA©

When Performance Arrives, Preparation Has Gone

As an Influential Leader, how do you describe your ability to tackle tough situations? Dealing with the demands of the role includes maintaining a state of psychological preparedness.

My 9 Principles of Habitual Excellence learned through my experience working with elite athletes and that of high-performance sport capture winning beyond the arena. This applies equally to sport and your professional life this will help you adjust with new situations in your unique game. Learning to bounce back and to not let obstacles stop you is the first step towards success. Obsessed with the habits and processes of top performers, Sheena will influence you to adopt these principles that instill energy, passion and confidence to your team. Earning the respect of those you lead will make you stand out as an Influential Successful Leader - Successful Leaders are those with Successful daily habits.

Global Masterclasses for Executives

The Performance by Design Master Class is one of Sheena's Signature programs based on her Powerful Presentation Principles. The Masterclass is designed to be highly interactive combining both The Art and Science of Powerful Presenting delivered by one of the most highly qualified, experienced, and engaging presenters you will find. Sheena works as an International Growth Speaker and Executive Speech Coach across the globe.

Testimonial

I attended one of Sheena's Masterclasses I was blown away! She is sharp, to the point and creative. Just a genius at helping you to script your keynote.

There are many presentation skills workshops out there, but this was by far the most professional and inspiring workshop I have attended in years. She had everyone mesmerized by her expertise.
